OLD ISLAND RESTORATION FOUNDATION, INC.
awards cash grants to worthy restoration projects annually. The money for these is generated by fundraisers appealingly orchestrated by volunteer members. The most popular events are our famous "House & Garden Tours." Begun in 1960, these two-day offerings attract hundreds of participants. Four of these tours take place each winter, inviting ticket holders into five thousand private homes and their grounds on each tour. For more information, please call (305) 294-9501.
